DECOLOR MAGIC VELOX

low ammonia content-yellowing protein exotic fragrance

Protein low ammonia content nonvolatile Whitener with fruity coconut scent. Wheat proteins protect the hair and prevent the drying out. In the case of direct application there are no burning of the skin due to low ammonia content. Heavy non-volatile dust prevents irritation to the nostrils of the operator and user. The special coconut essence allows the product even after mixing to have a pleasant scent, scent that lingers on hair that is in the workplace. Powder blue carries out an anti-yellowing action. Lightening power: 5 tones in just 15 minutes. Suitable for all modern techniques of streaks.

method of use: the product can be used both for making streaks, with foil or with headphones, which for discoloration of surface. Mixing 1 + 2 with 20-30-40 oxygen vol.

packaging: box with 1 kg bag.
