SYNERGIC LAB SYSTEM SYNERGIC LAB SYSTEM

Synergic Lab System is the complete color line to Silk Proteins. Protection, color and nutrients are the concepts on which it is based.

SYNERGIC COLOR LAB

color cream with silk protein

The wording of the coloring cream SYNERGIC COLOR LAB is particularly delicate because it is rich in nutrients that protect your hair throughout the coloring process. Silk proteins and filters U.V. safeguard the hair and give shine. Ideal for bright results and long-lasting, soft hair and bright colors. SYNERGIC COLOR LAB ensures coverage of gray hair 100%.

Shades available in 60 shades divided in the natural (9) GOLDEN (6); MEDITERRANEAN (7), ASH (6) BEIGE (4) BLACKS (2 ??); MAHOGANY (6); irise (5); TIZIANO (3); COPPER (3); SUPERLIGHTENERS (6); ACCENTUATORI (3).
