STEAM HAIR STRAIGHTENER STEAM HAIR STRAIGHTENER

flat iron steam

The plate HG 230 STEAM smoothing steam makes your hair perfectly smooth thanks to the issue of automatic water vapor.

- Can be used on wet or dry hair.
- Equipped with 4 ceramic elements that enable it to reach a temperature of about 230 ° C.
- The surface smoothing has a ceramic coating - titanium that does not damage the hair, not electrified and retains moisture.
- Adjustable temperature from 160 ° to 230 ° C.
- With Retractable comb with 3 positions, your strands are guided between the plates and are combed during smoothing.
- A true ion generator (200 000 ions / cm³).
- Equipped with tank.
- Manual temperature control.
- ON / OFF button.
- Safety lock
