PLUM PLATE with crystals Tourmalina

plates PLUM ? SLIM PLUM FLAT are a professional tool unique due to the presence of crystals of tourmaline that guarantee unbeatable performance. The presence of this magnificent mineral PLUM allows the plates to give your hair an incredible shine effect, protecting them from the effects of color and chemicals. In addition, Tourmaline emits negative ions in natural infrared heating, working on the hair like a magnet, so naturally eliminating static electricity. The plates have an efficient check PLUM system to control and monitor the temperature on the digital display and allow you to maintain and ensure the set temperature always at work, always guaranteeing the best performance of the plate. Furthermore, the ceramic resistance MCH allows to reach the maximum temperature of 210 degrees in 10 seconds.
